

Accessing Delta

Accessing Delta: Delta's Public Portal

Delta supports the publishing of selected information via links displayed on its portal page. If you opted to enable this option, you'll see links at the top of your login page.

The purpose of those links is to provide select portfolio and project information to the public without a need for a system account or login. Delta features **Public** checkboxes throughout its interface, for example for indicator reports.

Accessing Delta

Custom Reports - Widget

1 Parameters

2 Filters

Report Title *

Number of Villages with New Water Pumps (Actual)

Public
